

Stormwater Compliance Inspectors Course

COLORADO CONTRACTORS ASSOCIATION

Course Description: This training course has been designed by *Altitude Training Associates* for inspectors of Best Management Practices (BMPs) used to control erosion and sedimentation during construction. The course covers; preparing for and conducting a comprehensive inspection of a CDPHE *Stormwater Discharges Associated with Construction Activity* permitted site. Specific features of this course will address topics to prepare inspectors for consistent inspection procedures. The *Compliance Inspector* class does require a pre-requisite of a basic BMP class. A certificate of completion is issued to those that successfully complete the course. Course includes full day in the classroom and field trip second day. Appropriate safety equipment is required for the field trip.

Learning Objectives

Upon completion of this course, students will be able to:

- List the Permit Conditions
- Describe Procedures for Conducting On-Site Inspections for Permit Compliance and Completing the Subsequent Report
- Prepare for the Inspection
- Describe the Record Keeping Requirements for Permitted Sites
- Collect and Document Photographic Examples of Issues and Concerns
- Examine Appropriate Applications, Installations and Maintenance of Construction BMP Features
- Review On-site Procedural BMPs
- Generate a Report to Document Findings
